A big thank you to Maria and Katie.. who have both built my confidence in my weight loss journey.. not only do they provide good service but you also leave with a smile on your face. Not just raising your confidence but they also are behind you 100% and keep you going. Lovely caring staff.

FB Review

“ I have had my lips filled by Maria at Manor Health and I'm so pleased with them. I had very little pain as Maria did a brilliant job of numbing them. I have had lip fillers in the past, but would always go to Manor Health now. Thanks Maria, they are fabulous and would highly recommend.

FB Review

“ I have recently had laser hair removal at Manor Health. The treatment has been fantastic, the results have exceeded my expectations, and I would definitely recommend this clinic. Maria is professional, kind, and makes me feel comfortable.

FB Review

I have recently had my second lymphatic drainage treatment for general well being. The procedure itself was very pleasant and relaxing but the effect on my aching legs, especially my knees, was wonderful.

VI PEEL ^{NEW}

New to Manor Health!! We are delighted to introduce the VI Peel. A VI Peel is a medium-depth chemical peel that penetrates your top layer of skin, called the epidermis, reaching into the dermis underneath. Like other chemical peels, a VI Peel works by exfoliating your skin and stimulating the production of new collagen. The procedure is commonly used to treat signs of ageing, improve skin texture, and correct pigmentary issues. The treatment is less invasive than traditional chemical peels yet just as effective.

VI Peels can also simultaneously treat multiple concerns, including fine lines, enlarged pores, dullness, discolouration, breakouts, and acne scars.

The VI Peel offers quick results and is an increasingly popular treatment in Harley Street Clinics due to the fantastic results and versatility of being so well tolerated by all skin types.

	TREATMENT
Introductory Price (includes aftercare kit)	£250
